

# HE LOVES ME...

Speak the language of flowers

Flowers don't just look beautiful, they can convey hidden messages too. The language of flowers – or floriography – attributes meanings to almost every bloom available, and became very popular in Victorian England as a way to express feelings

that weren't acceptable to say out loud. Armed with floral dictionaries, small 'talking bouquets' were exchanged to convey secret missives. If you'd like to choose blooms with meaning, here's our handy guide.

Calla lily, meaning: beauty

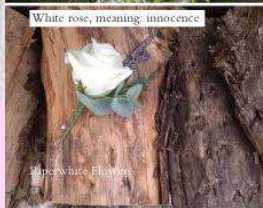

BlossEm

Tulips, meaning: perfect lover

Nicola Flowers

White rose, meaning: innocence

Paperwhite Flowers

Peonies, meaning: happy marriage

Serendipity Floral Designs,
